

**Policy # 28: Home Operated Businesses**

- The Park at Quail Creek is zoned residential; therefore, no commercial business resulting in traffic by a client or customer visiting the property is permitted. The purpose of this policy is to ensure that said business activity would not bring excessive traffic to the Park streets, adversely affect the common areas, create excessive noise or in any other manner cause a disturbance. No signs relating to any business or commercial activity may be placed in any common area, on any building or within any window of a town home. (Re: policy # 13 - Signage).
